WHAT IS THE FLEXIBLE FLOOD

AMERICAN TRADITIONS INSURANCE COMPANY

ENDORSEMENT

Our flexible flood is a competitively priced endorsement and an efficient alternative for clients seeking flood coverage for their home.

DID YOU KNOW?

Did you know that a standard homeowner's policy does not cover your home against flooding? Florida is surrounded by water and the sub-tropical climate makes our state predisposed to torrential rains, hurricanes, and tropical storms. Regardless of where you live in Florida, your home is susceptible to the hazards of flooding.

WHAT IS COVERED?

This endorsement adds coverage for direct physical damage caused by a flood when a flood limit is shown on the policy's Declarations Page. The policy's All Other Perils deductible applies to covered flood losses. If the flood damage is caused by a Hurricane, the policy's hurricane deductible applies instead.

ADDITONAL FLOOD-RELATED BENEFITS

- This endorsement covers the cost of removing non-owned debris located on or inside the insured property.
- Up to $1,000 in flood mitigation expenses - including sandbags, pumps, plastic sheathing.
- Up to $1,000 of resonable expense to move property to safety.
